

VAN LOGGEM DIAMANTENHANDEL AG Supply Chain Due Diligence Reporting

Preamble:

VAN LOGGEM DIAMANTENHANDEL AG has aligned its Supply Chain Due Diligence communication and reporting on RJC's Guidance for this subject (p. 65 of RJC COP 2019 Guidance Document, table 7.5.). As a result, this document recaps the reporting requirements for Tier 2 and downstream companies (VAN LOGGEM DIAMANTENHANDEL AG's position in the diamond supply chain).

Reporting:

1. Management Systems:

VAN LOGGEM DIAMANTENHANDEL AG has created a Supply Chain Policy document which is available on the company's website. The Management responsibility for the due diligence programme has been assigned to VAN LOGGEM DIAMANTENHANDEL AG's Managing Director, and adequate record-keeping systems and processes for information collection have been installed as per the Company's procedures for this subject.

2. Risk Assessment:

In preparation of its RJC Audit, VAN LOGGEM DIAMANTENHANDEL AG has engaged with all its suppliers by sending them its Supply Chain Policy and a Due Diligence Questionnaire, both accompanied by an explanatory letter on RJC's COP 7 and the Company's obligations in this respect. To date, the majority of suppliers have sent this questionnaire back, and the Company strives for 100% completion of supplier-response.

To date, no risks (neither actual or potential) have been identified, but the Company will strive to obtain more detailed information (whether in a formal or in an informal way) from their suppliers.

3. Response:

To date, no specific risks have been identified in our supply chain, as such, no specific extra steps needed to be undertaken by the Company to manage risks, monitor and track performance of risk mitigation or to follow up any specific risk-areas.
